MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Designation of Omaha District as Central Point of Contact for DOE's Albuquerque, New Mexico, Office for Real Estate Support for UMTRCA Projects

1. The Albuquerque, New Mexico, office of the Department of Energy (DOE) has requested the Omaha District to review title evidence for real property acquired in connection with the cleanup of uranium mill tailings sites and advise that agency as to its legal sufficiency. The sites are located in Durango and Maybell, Colorado; Lowman, Idaho; Ambrosia Lake, New Mexico; Bowman, North Dakota; Lakeview, Oregon; Falls City, Texas; and Salt Lake City and Green River, Utah.

2. DOE has indicated a preference for a single point of contact for this work. Therefore, the Director of Real Estate has designated the Omaha District as the central point of contact. Omaha District will task the district in which the site is located to provide the requested services, if that district is willing and has the technical capability. The final work product will be submitted to Omaha District for transmittal to DOE.

FOR THE DIRECTOR:

G. HERBERT FAHY  
Chief, Acquisition Division  
Directorate of Real Estate

DISTRIBUTION:

COMMANDER
